

Petition For iCOPE's *PLEDGE FOR ACTION*

We, the undersigned, support the “Pledge for Action” of the Human Right to Education Campaign to create a new system of public education in New York City.

Every child has the human right to a quality education in a safe and nurturing environment, so that his or her capabilities are developed to the fullest. The distribution of resources must be equitable, without regard to economic status, race or nationality. The educational system should be transparent, afford effective remedies, and be structured to involve the full participation of parents, students, teachers, and the community.
